NOTE: Includes full-time and part-time filled salaried and wage positions. Data as of January of each year prior to 1970 because of data availability for earlier years. \*In 1968, 10,812 highway maintenance wage positions in the Department of Transportation were transferred to salaried positions. \*\*On July 1, 1983, 8,553 salaried and 90 wage positions were transferred from the Governor's jurisdiction to the State System of Higher Education.

COMMENTS: Except for the World War II era, there was a steady growth pattern in the number of filled state jobs from 1930 to 1975. The period since 1975 has shown a reversal of that general pattern. The July 2010 data shows a decrease of 1,138 filled salaried positions and an increase of 53 wage positions from the previous year.

Union-represented employee groups are earning no less than an average of \$53,248 in total annual compensation. Because some benefits are calculated as a percentage of salary, benefit costs tend to be higher among higher-paid employees. Benefits costs range from \$22,098 for UGSOA security officers to \$45,752 for PSTA.

NOTE: Leave usage is calculated for the average full-time equivalent employee and includes permanent full-time employees. Leave costs are determined by multiplying the amount of leave used by the salary of each employee at the time of use. Most employees receive 11 holidays per year. Other leaves include compensatory, administrative, civil, military, educational, and stress leave. For corrections officers and some teachers, bereavement leave is included in the "other" leave category; for all other employees, bereavement leave is included as sick leave. Effective July 1, 1996 disability leave was no longer available to most employees injured at work; most employees now have the option to use sick, annual, or personal leave or injury leave without pay.

COMMENTS: Commonwealth employees used an average of 43.2 days of leave, including paid holidays, during fiscal year 2009-2010. This is consistent with the average amount of leave used during the previous fiscal year, which was 42.2.
